

# “Our FCB banker keeps a close eye on the smallest details.”

Automatic payments deducted from a checking account for regular bills like utilities can be a significant time saver - a bank service that Mike and Brian Baltz find very convenient.

Unfortunately, the utility company recently mishandled one of their payments. Thanks to the watchful eyes of their First Community banker, the mix-up was caught and corrected in short order.

Attention to the smallest details of your financial life is just one of the many ways we live up to our promise of making sure that people come first. Let us prove it to you.
