Dr. Patrick Balsier, CEO of Crest Hill Clinic, Ltd.—a respected Chiropractic, Physical Medicine and Rehabilitation practice—found a Banker he trusted in the early 1980’s. Over time, his First Community Banker earned Dr. Balsier’s loyalty.

“At First Community Bank, I am a valued client, not a number on a loan document. And, since I’m often in motion, my Banker contacts me after hours when it’s convenient for me,” says Dr. Balsier.

First Community Bankers always focus on exceeding expectations. Our high-touch service seems to be working—we’re building long-term relationships and a satisfied client roster that just keeps growing. We would like to add your business to our FCB family. Come see how being a best client feels.
