FCB Clients

Providence Catholic High School accountants Mary Beth Carroll and Michelle Wojtkiewicz now use their hard drives to replace the daily deposit drive to the bank, thanks to First Community Bank’s smart, time-saving remote Digital Deposit service.

“It’s amazingly easy,” says Accounting Manager Sharon Oddo. “We access our accounts online, visually “see” the checks being deposited, and gain the benefits of quicker cash flow.”

Digital Deposit is just one of the ways First Community helps business clients—large and small—better utilize and manage financial resources. To schedule an on-site visit and analysis by an FCB cash management specialist, contact us today.
