

# “We use FCB’s LockBox to save time, prevent fraud, and access our funds faster!”

Southwest Surgery Center is an advanced surgical facility where surgeons perform same-day procedures on 2,400 patients. The Center’s reliance on cutting-edge technology extends to their business operations as well.

President/CEO Mike Cherny and his staff utilize First Community Bank’s **LockBox** to quickly and securely process incoming checks, converting them to available funds within hours, rather than days.

LockBox is just one of FCB’s Cash Management solutions that help businesses work faster, better and smarter. Ask us how.

Pre-Op Recovery Manager

## **What is LockBox?**

*Ideal for businesses with a high volume of check-based receivables, LockBox enables your customers to send their payments to a dedicated Post Office Box address. FCB retrieves the checks daily, hand carries them to the bank and deposits the same day. Your receivables are quickly and securely converted to accessible funds.*

*For details, contact an FCB cash management specialist today.*
