

“In emergencies, our FCB Banker even makes house calls.”

**“HE ANSWERS OUR
PHONE CALLS TOO.”**

**Drs. Claude and
Paul Aschinberg**
Pediatricians

While pediatricians Claude and son Paul Aschinberg tend to the emergencies of their young patients, they trust their family Banker to tend to their finances.

Dr. Claude's banking relationship with his Banker started when he was treating the banker's kids. Thirty years later, both good doctors continue to trust the expertise, the personal attention and the genuine care they receive from their local First Community Banker. They note, "When we call, our Banker answers."

Does your banker make house calls? Maybe it's time you met a Banker who does. Try First Community Bank today.
