*Surgeons,
Bariatric & Minimally
Invasive Surgery*

Bariatric surgeons Dr. Christopher Joyce and Dr. Brian Lahmann run a taut office, making sure their surgical patients live longer and healthier lives after their excess weight has been safely removed.

Their Bariatric Minimal Invasive Surgery (BMI) practice utilizes First Community Bank's Online Banking services to streamline business procedures by accessing accounts 24/7, transferring funds among accounts, and downloading bank statements to speed account reconciliation.
